

all about YOU!

If you're like most people, you probably have a list of interests too long to count, which is good news, because you'll want to base your career on those interests. This activity is designed to help you decide which group of careers, or Career Cluster, is best suited to your interests.

1. Read each item carefully. In the space next to each item, put an X if the item is something that sounds like fun to you. Leave the space blank if the item does not interest you.
