

increase your CAREER awareness

List below the three careers you chose on Destination Success page three, number one. Then, list the form of higher education they require (four-year college, two-year technical school, etc.), the skills they require (computer knowledge, proficiency in math, etc.), the average salary they offer and the possible advancement opportunities they offer. For help, use the resources available in your school's school counseling office and library, or talk to people associated with the careers you picked.

	HIGHER EDUCATION	SKILLS	AVERAGE SALARY	ADVANCEMENT OPPORTUNITIES

Career # ②				
Career # ③				

Optional activity: You might find that you want to know more about the four jobs that you listed in question number three. A great way to get more information about these jobs is to talk to the people who work in them! Talk to the adults in your life; maybe someone you know holds one of the jobs that interests you. Or, ask your school counselors if they know a local professional that would be willing to talk to you. A list of "Tell me about your job" questions for you to ask is provided in Appendix G on page 23.
