

Pennsylvania Career Education and Work Academic Standards
Getting Started!
 5th Grade Benchmarks

Getting started helping students achieve the Career Education and Work Academic Standards is often overwhelming. There are an overabundance of materials and resources available. How do you ever sort through them all?

Below is a suggested set of resources to help you sort through the plethora of materials so that your school can form a strong core for a program for students. Since implementing the Career Education and Work Academic Standards is everyone’s job, the resources below can be used in a wide variety of classroom and real-world settings for all students. Implementing these standards will assist in increasing the relevance of school for all students and help students see the value of school as it relates to their personal future.

CEW Standard	Career-related Materials & Resources	Literature Resources	Software Products	Internet-based Resources
13.1 Career Awareness and Preparation <i>A. Abilities and Aptitudes</i> <i>B. Personal Interests</i> <i>C. Non-Traditional Workplace Roles</i> <i>D. Local Career Preparation Opportunities</i> <i>E.
